Awesome! Thanks for flagging. This definitely seems like an SI case to me. I'll track this.

Hi Andy,

Jack received a personal note from [UID\_0000199001285] thanking him for the nice conversation at Allen and Company this year. She references a conversation with JJD and Ted Leonsis and says she hopes to "see JJD next fall".

We will share this with Jack in the notes/FYI section of the Friday grid.

Julia and Liz- do you have any context on who this person might be?

Thank you!
